

# Journal of Neurology, Neurosurgery, and Psychiatry

August 1981 Vol. 44 No. 8

## Contents

A prospective study of the accuracy of Doppler ultrasound in detecting carotid artery disease  
MICHAEL J LAKEMAN, SUSAN B SHERRIFF, AND TERRY R P MARTIN *page 657*

Comparison of angiography with continuous wave Doppler ultrasound in the assessment of  
extracranial arterial disease T K HAMES, K N HUMPHRIES, T V POWELL, AND D L MCLELLAN *page 661*

Post-encephalitic Parkinsonism: current experience DAVID RAIL, CARL SCHOLTZ, AND MICHAEL SWASH  
*page 670*

Effects of timolol and atenolol on benign essential tremor: placebo-controlled studies based on  
quantitative tremor recording PER DIETRICHSON AND EVA ESPEN *page 677*

Membrane fluidity measurements in peripheral cells from Huntington's disease patients G C BEVERSTOCK  
AND P L PEARSON *page 684*

Abnormal force-EMG relations in paretic limbs of hemiparetic human subjects A TANG AND  
W Z RYMER *page 690*

Cutaneous nerve stimulation and motoneuronal excitability: I, soleus and tibialis anterior excitability  
after ipsilateral and contralateral sural nerve stimulation P J DELWAIDE, P CRENNAN, AND  
M H FLERON *page 699*

Changes of cutaneous sensory thresholds induced by non-painful transcutaneous electrical nerve  
stimulation in normal subjects and in subjects with chronic pain MASSIMO ZOPPI, FABIO FRANCINI,  
MARCO MARESCA, AND PAOLO PROCACCI *page 708*

Conducted and segmental components of the somatosensory cervical response MASSIMO LEANDRI,  
EMILIO FAVALE, SANDRO RATTO, AND MICHELE ABBRUZZESE *page 718*

### SHORT REPORTS

Antibiotics and antivirals do not modify experimentally-induced Creutzfeldt-Jakob disease in mice.  
JUN TATEISHI *page 723*

Spinal trauma: pharmacological evidence for vasoconstrictor activity in cerebrospinal fluid  
D J BOULLIN, P TAGARI, J T HUGHES, AND J D YEO *page 725*

An extrapyramidal choreiform syndrome caused by amphetamine addiction H LUNDH AND K TUNVING  
*page 728*

Absence of significant endocrine deficiencies in benign intracranial hypertension ALISON C REID AND  
JOHN A THOMSON *page 731*

Simple tics in Gilles de la Tourette's syndrome are not prefaced by a normal premovement EEG  
potential J A OBESO, J C ROTHWELL, AND C D MARSDEN *page 735*

### LETTERS

Dysphasia during sleep due to an unusual vascular lesion *page 739*

Nevus planus of the skin associated to jugulo-tympanicum paraganglioma. A new neurocutaneous  
syndrome? J VAQUERO, J M CABEZUDO, AND E ARETIO *page 740*

Book reviews *page 741*

Correction *page 750*
